Service with distinction

Covéa Insurance's Home claims service has been awarded ServiceMark with Distinction by the Institute of Customer Service (ICS). The ICS is the independent, professional membership body for customer service.

Repair guarantee

Repairs completed by our approved repairers are guaranteed.

The length of the guarantee may vary.

How we deal with your claim

Excess

Your excess will be taken away from the amount agreed to settle your claim. The excess will apply to each separate incident. You'll only pay one excess for every incident, even if you claim under more than one section. For example, let's say your Buildings excess is £200 and your Contents excess is £150. If you have combined Buildings and Contents cover and claim under both sections, you'll pay £200 excess.

How we will settle your claim

Once accepted, we'll decide whether to settle your claim by:

- rebuilding
- repairing
- replacing or
- making a cash payment to you.

The most we'll pay are the limits shown in your schedule or in this policy.

It might affect your claim if you don't keep your home properly maintained and in good condition. We might pay out less for your claim or refuse to pay it at all. We might even cancel or treat your policy as if it never existed.

If a repair or rebuild isn't carried out, we'll offer you a cash settlement. This will be either the amount your home has gone down in value due to the damage or the estimated repair cost, whichever is lower.

We might agree to pay you in cash instead of repair or replacement through our supplier. If we do, we'll only pay the amount we would have paid our supplier.

You'll need to provide us with proof that you own what you're claiming for. We'll also need to see proof of value (how much it was worth before the loss or damage). If you can't provide this, we may reduce your claim payment or refuse to pay all or part of your claim.

How we cover matching sets

We treat each individual item or matching set, suite, fixtures and fittings or other similar items as a single item. We'll only pay for the lost or damaged items. If we can't replace the original item like for like, we may contribute towards the cost of replacing the undamaged items. The amount we pay will depend on the number of items damaged, their age and their condition. The most we'll pay is 50%.

Flooring

If a carpet or floor covering is damaged beyond repair, we'll only pay for the damaged part. When we say floor covering we mean wooden flooring, laminate or vinyl. We won't cover any undamaged carpets or floor coverings in adjoining rooms, even if they're the same colour or design. We will however pay to fit a professionally installed threshold strip. This is a strip of material used to cover up any gaps or joins between rooms.

Make sure you have enough cover

If you make a claim and you didn't have enough cover, we might not be able to pay your claim. We may even cancel or treat your policy as if it never existed. Or we might lower the amount we pay for the claim.

How we deal with your claim

For example:

Let's say we insured your contents up to the sum of £80,000. However, when all the items were destroyed in a fire the value of the contents was actually £100,000. The insured value was 80% of the amount needed to replace all the items. In this case we'd only pay 80% of the claim.

What else you need to know

The values of some of your valuables, in particular jewellery, are likely to change a lot over time. We recommend that you have the value of these items checked regularly. If the values change, you must tell your intermediary straight away.

Remember, no policy covers everything. We don't cover certain things such as damage caused by everyday wear and tear and maintenance. You need to take care of your things. We won't pay claims that could have been prevented if you'd taken better care of them. You can see what your policy doesn't cover by looking at 'What this policy doesn't cover' on pages 42 and 43. They're also stated throughout the document wherever it says 'what we can't cover you for'.

The 'How to make sure your policy is valid' section is on pages 44-46. It's really important to make sure you understand this section. If you don't meet these conditions, it may affect any claim you make or any cover you have.

Don't admit fault if you or your family are being held responsible for injury or damage. Don't answer any documents you receive. Send them to us straight away, to Covéa Insurance, A&B Mills, Dean Clough, Halifax, HX3 5AX. Please quote your policy number and contact details.

What happens after a claim is settled

After we pay a buildings or contents claim, we'll put the policy limits back to what they were before. We'll only do this after all repair work has been finished and all items replaced. You'll also need to follow any advice we give to stop any more loss or damage.

After we pay a personal belongings or bicycle claim, we'll put the sum insured back to what it was before. After we pay a specified personal belongings claim, we won't cover the items we've replaced. If you need cover for replacement items, please tell your intermediary.

Keeping your home safe

Building work

Remember to tell your intermediary if you are planning to have any structural work carried out on your home. For example renovation, an extension, demolishing any walls or any form of building work.

How to stop your pipes from bursting

You can reduce the risk of burst pipes in the following ways.

- leaving the heating on a minimum of 15°C.
- insulating all pipes including those in the attic as these pipes are the most likely to freeze.
- insulating your cold water tank.
- opening the loft hatch so warm air can circulate to help prevent freezing in cold weather spells.
- making sure you can locate your mains water supply and that you know how to turn it off.
- turning off water supply to outside taps.
- having emergency contact details readily to hand.

Flood advice

- Be aware of Met Office and Environmental Agency warnings.
- If there is a risk of flooding, try to move as many things into upstairs rooms as possible.

Keeping your home safe

Fire prevention

- Smoke detectors are important safety devices. Put detectors on every level of your home and check the batteries on a regular basis. The best location is on a ceiling near a doorway or stairway.
- Have the chimneys swept regularly and if you have open fires always use a fire guard.
- Never leave hot fat or oil when cooking. If a pan does catch fire, cover it with a fire blanket or damp cloth – don't use water.
- Gas appliances should be serviced regularly by a Gas Safe Registered engineer.
- Do not tape up electric cables as they can be dangerous and should always be replaced.
- Be careful not to overload plugs. Don't put more than one plug in a socket. If you need more then use an extension lead.
- If you smoke, make sure it's put out properly.

Cyber security

Criminals use stolen personal information to commit identity crimes. This can leave their victims with a bad credit rating and can be very upsetting.

Once your identity is stolen it can take a long time to recover.

If you have any problems with your personal electronics that you think are related to a cyber attack, you can call the Cyber Support Helpline on 0333 234 2681.

If you do tell us something was incorrect or has changed, the price of your policy could change.

How to make sure your policy is valid

7. Leaving your home empty

If you know that your home is not going to be lived in for more than 60 days in a row, you must tell your intermediary immediately.

When your home is not lived in for more than 60 days in a row we'll treat your home as unoccupied. In these circumstances, we won't provide full cover as shown in the relevant policy section, and the stated restrictions will apply. Regular visits to the property and staying over once in a while doesn't count as living in it. In these situations the policy will be restricted. However, if you can't live in your home for more than 60 days because of a claim we've accepted, the restrictions won't apply.

- an extension;
- demolishing any walls;
- renovation; or
- any form of building work.

We'll then decide whether to continue covering you or give you any extra conditions we think are needed. You must tell us first. If you don't, we won't pay any claims caused by any building work taking place.

You don't need to tell us or your intermediary if you are undertaking:

- internal painting and decorating;
- tiling;
- replacing bathroom suites and/or kitchen fixtures and fittings;
- internal joinery;
- plastering;
- installation/repair of central heating;
- external window replacement.

9. If there's more than one name on the policy

Any insured person named on your schedule may make changes to the policy, submit a claim or discuss an existing claim with us. If someone named on the policy wants to be removed, we'll only accept authority from the person being removed. We'll also accept a court order or written agreement from that person's personal representative.

Cancelling your policy

Your rights to cancel your policy

You can cancel your policy at any time. To do this, contact your intermediary. Any refund will be calculated as follows:

We will;

- provide a full refund if the insurance has not yet started.
- refund you the amount for the exact number of days left if no claim has been made in the current period of insurance.
- not refund any money if a claim has been made in that period.

If you have a loan agreement with Covéa Insurance to pay for your insurance, we may take the full balance of this loan from any claim we pay. If we don't do this then you may have a balance left to pay when your policy is cancelled. Any money you owe us must be paid to Covéa Insurance as described in your loan agreement.

Our rights to cancel your policy

We, your intermediary or anyone acting for us can cancel your policy by sending 14 days' notice to your last known address.

Some reasons for cancelling include:

- changes to information you gave when you bought the policy mean we can't cover you. To check the information you gave us please look at your statement of insurance or policy schedule;
- for not paying money you owe to your intermediary or to Covéa Insurance in line with a loan agreement;

- where you don't co-operate with us;
- where you don't tell us of any changes in your circumstances;
- where you commit or attempt fraud;
- where you use threatening or abusive behaviour or language, or intimidate our staff or suppliers.

For more information see the 'How to make sure your policy is valid' on page 44.

If we cancel your policy, we will refund you for the exact number of days left in the current period of insurance. You won't get a refund if you've already made a claim. If we cancel your policy due to fraud, it will be from the date fraud was committed and we will keep any amount you have paid.

We will also inform the police of the circumstances.

If you have a loan agreement with Covéa Insurance to pay for your insurance, you may have a balance left to pay when your policy is cancelled. They must be paid to Covéa Insurance as described in your loan agreement.

No claims discount

If you don't make a claim during the period of insurance, we'll increase your no claims discount at renewal, unless you've already reached the maximum no claims discount.

If you make a claim under Section A we'll reduce your no claims discount under that section at renewal.

If you make a claim under Section B, C or D we'll reduce your no claims discount under Section B at renewal.
